Our Company

Magdy Amaziz

Founder

EARLY 1990

The Amaziz Group is a family owned business that traces its roots back to the early 1990s when it commenced operations primarily in the tourism, spare parts, and trademark sectors.

Founded by a collective of individuals and businesses, spearheaded by the visionary Magdy Amaziz, the organization recognized untapped potential within emerging markets.

Magdy Amaziz emerged as the driving force behind the company's initial triumph. He possessed an astute ability to identify opportunities and a remarkable talent for negotiating deals. Through relentless dedication and determination, he forged a company that comprehensively catered to the needs of the mining and petroleum industries.

EARLY 2000S

The Amaziz Group underwent a transformation, rebranding itself as Commander Trade & Supply S.A.E. with a renewed focus on serving the mining and petroleum sectors. Under the adept leadership of Magdy Amaziz, the company thrived, consistently delivering top-tier products and services to its clientele.

By the close of the 20th century, Mina & Mark's Amaziz Group had ascended to become a prominent player in the drilling services arena for the petroleum and mining sectors within the region. Expanding its footprint across multiple countries, it fostered a robust network of customers, suppliers, and partners.

In the mid-2000s, the Amaziz Group embarked on a significant transformation, reemerging as Commander for Petroleum and Mining Services L.L.C. This newly established entity was strategically focused on offering an extensive array of services and products to the mining and petroleum industries.

Today, Commander for Petroleum and Mining Services L.L.C stands as a revered entity in the region. Its diverse portfolio encompasses an array of products and services, including drill rigs, drilling Consumables & fluids, downhole surveying tools and core trays.

Mina & Mark remain steadfast at the helm of the company, charting its course towards continued prosperity. They have adeptly preserved the company's core mission of delivering excellence in products and services to its esteemed clientele, all while investing in cutting-edge technologies and extending the organization's influence.

The triumph of the Amaziz Group, culminating in its transformation into Commander for Petroleum and Mining Services L.L.C, stands as a testament to the unwavering vision and dedication of Magdy Amaziz. Over three decades, he has consistently provided top-tier services and products to clients within the various sectors including mining and petroleum industries. His relentless commitment to excellence has propelled the company to a position of leadership within the region, and he continues to guide it to ever greater heights.

2023

Our company has taken a strategic decision to open a new headquarters office in Dubai to further expand our presence and enhance our services in the drilling and mining sector. Dubai's strategic location as a hub for businesses in the Middle East make it an ideal choice. This new office will allow us to better serve and connect with potential clients in the region, offering them our expertise and innovative solutions. We believe that by establishing a presence in Dubai, we can tap into new opportunities, strengthen our relationships with existing clients, and contribute to the continued growth of the drilling and mining sector in this dynamic part of the world.

Market Size & Opportunities

MINING DRILLING SERVICES MARKET SIZE

The Mining Drilling Services market is likely to expand at a CAGR of around 6.71% during the forecast period (2023-2030). (1)

As opportunities in the Middle East and Africa continue to flourish, the demand for a strategic market player has become increasingly evident. Recognizing this need, Commander has proactively responded by establishing a new head office in Dubai, UAE.

This strategic move not only simplifies, but also effectively fulfils the existing market gap in the region.
